———119 NORTH SECOND STREET———
OREGON

The great, new and flourishing State of Oregon offers to the immigrant more substantial inducements for settlement than any of the Eastern States, and to ignorance of its vast resources, the productive quality of its soil, and its mild, delightful climate, may be attributed the fact that so much of its area is still without cultivation. It is being rapidly filled up now, and a decade hence the value of its land and products will have more than doubled.

WASHINGTON TERRITORY

Lying next to Oregon, is also one of the most prolific sections in the Great Northwest, and it is a matter of no small significance that its yield of Wheat, Barley, Flax and Hops for 1885 was nearly double what it was in 1884, and that the products brought a much higher price. Oregon and Washington are the only two sections in the United States which produced full crops for 1885. See Government statistics.

It Will Pay Every Progressive Farmer

To examine into the advantages of Oregon and Washington, and even if you have no thought of changing your home you should write to one of the undersigned for information, as you should not be ignorant of what this section can produce.

The Oregon Railway & Navigation Company furnishes facilities for reaching all portions of the country, and offers special low rates to immigrants. Write to

NOTES from the diary of tourists, commercial travelers, business men and others, have revealed:

That the Wisconsin Central has the unqualified indorsement of all;

That the Wisconsin Central has today the most popular line between Chicago and Milwaukee, and St. Paul, Minneapolis and the Northwest;

That the Wisconsin Central is daily adding to its admirers as the recognized Pullman line between Chicago and Milwaukee and Ashland, Duluth and Lake Superior;

That the Wisconsin Central touches the most prominent points in Wisconsin, and that it has more important business centers on its through line than any other railway to and from the Northwest;

That the Wisconsin Central has made an enviable reputation with its peerless Dining Car Service;

That the Wisconsin Central runs fast trains on which all classes of passengers are carried with commodious and distinct accommodation for all;

That the Wisconsin Central has representatives distributed throughout the country, who will cheerfully give any information that may be desired, and that its terminal Agents are specially instructed to look after the comfort of passengers who may be routed via its line.

For detailed information, apply to your nearest Ticket Agent, or to representatives of the Wisconsin Central.

A GREAT RAILWAY.

THE

CHICAGO, MILWAUKEE & ST. PAUL RAILWAY COMPANY

Now Owns and Operates 5,670 Miles of Thoroughly Equipped Road in ILLINOIS, WISCONSIN, MINNESOTA, IOWA, MISSOURI and DAKOTA.

Each year its lines are extended in all directions to meet the necessities of the rapidly populating sections of the country West, Northwest and Southwest of Chicago, and to furnish a market for the products of the Greatest Agricultural and Stock Raising Districts of the World.

In Illinois it operates 316 Miles of Track, in Wisconsin 1,304 Miles, in Iowa 1,672 Miles, in Minnesota 1,122 Miles, in Dakota 1,216 Miles, in Missouri 140 Miles,

And the end is not yet. It has terminals in such large cities as

Chicago, Milwaukee, La Crosse, St. Paul, Minneapolis, Fargo, Sioux City, Council Bluffs, Omaha, Kansas City and St. Joseph, Mo.

And along its lines are hundreds of large and small thriving cities, towns and villages. Manufacturing interests are cultivated, and all branches of trade find encouragement. The Railway Company has a just appreciation of the value of its patrons, and its magnificent earnings are the result of the good business tact which characterizes the management of its affairs.

The popularity of the line is attested by the fact that notwithstanding the strongest kind of competition of old and new lines, the CHICAGO, MILWAUKEE & ST. PAUL RAILWAY continues to carry the greater portion of all the business between CHICAGO, MILWAUKEE, ST. PAUL and MINNEAPOLIS. It is the best patronized route between CHICAGO, COUNCIL BLUFFS and OMAHA, and to and from all points in WISCONSIN, MINNESOTA, DAKOTA and IOWA, and its KANSAS CITY AND ST. JOSEPH LINE will undoubtedly take equal rank with the older lines leading to and from the Southwest.

On all its through lines of travel the CHICAGO, MILWAUKEE & ST. PAUL RAILWAY runs the most perfectly equipped trains of

Sleeping, Parlor and Dining Cars and Coaches.

The through trains on all its lines are systematically heated by steam. No effort is spared to furnish the best accommodations for the least money, and, in addition, patrons of the road are sure of courteous treatment from its employees.
