

Alpena Michigan Newspaper Necrology Listings

1901 thru 1994

The following alphabetical listing is a compilation of death notices listed in the Alpena newspapers for the years 1901 through 1994.

This listing is not a complete listing of the deaths in Alpena County. It only contains names of those found by an intensive search of the early Alpena newspapers available and the Alpena News up to and including 1994. The earlier newspapers had very few obituaries. Most contained only a name and day of death and very little information. Dates may not be accurate.

In the later papers some obituaries may be missing as they happened after the year end listing. In any case this listing, when used with the Alpena papers on microfilm in the Alpena Public Library, is an important source of information for those researching their family history.

It should also be noted that the deaths in the earlier papers can involve some time to find. In most cases they are within two to three days after death but in some cases be longer.

William D. A. Freese
